

Create a Drop Box in Elentra: How -To

CETL: Center for Excellence in Teaching and Learning

Summary:

This guide will walk the user through creating a Drop Box in Elentra and its settings.

Creating a Drop Box in Elentra

1. From the Dashboard, navigate to **Admin** and in the dropdown, menu select **Manage Gradebook**

The screenshot displays the Elentra Admin interface. At the top, the Western University logo and navigation links (Dashboard, Communities, Curriculum, Courses, Learning Events, People Search, More, Admin) are visible. The 'Admin' dropdown menu is open, listing various management options. The 'Manage Gradebook' option is highlighted with a red box. The main content area shows a calendar view for the week of September 13-17, 2021, with a yellow highlight on Wednesday, September 15. The left sidebar contains sections for 'My Bookmarks', 'My Communities', and 'Give Feedback'. The bottom of the page features news articles under 'Medical Daily', 'Medical Xpress', 'MedlinePlus', and 'Healthcare IT News'.

2. Manage Gradebook will now display a list of courses and their gradebook.

Add Assignment Drop Box Spring 2020 - January 6th, 2020 to May 18th, 2020

Assignment Drop Box

Submission Options: Allow learners to upload more than one file.
 Add a dashboard notice for learners who are required to submit.
 Allow learners to upload new revisions after their initial upload.
 Allow graders to see the name of the learner they are grading.

Due Date: Wed Dec 16/20 12:00pm (from gradebook assessment due date)

Turnitin
Turnitin: Enable Turnitin for this assessment to check submissions for plagiarism

Time Release Options

Viewable Start : : (12:00 AM)
 Viewable Finish : : (12:00 AM)

Cancel Save

5. You will now find a list of settings you can enable or disable.
- a. **Submission Options:**
 - i. **Allow Learners to upload more than one file:** can be useful if students are submitting pictures or documentation of an experience. The maximum number of files a student can upload also limits how many files can be handed back.
 - ii. **Add a dashboard notice for learners:** this will generate a Dashboard notice, including the assessment due date and a link to the drop box, and display it to the learners responsible for the assessment.
 - iii. **Allow Learners to upload revisions:** will allow students to replace an existing file with a newer one.
 - iv. **Allow graders to see the names of learners they are grading:** can be unchecked if you wish graders to work without knowing learners' identities.
 - b. **Submission due date:** If you have set an assessment due date, the submission due date for the drop box will match it. If you change the assessment due date, the assignment submission due date will automatically be adjusted.
 - c. **Turnitin:** If your institution has an agreement with Turnitin and is using Elentra's Turnitin integration, you can optionally add additional settings to your drop box.
 - d. **Time Release Options:** Set the time release for a Viewable Start and Finish, which will control when the drop box will be visible to users. The default setting causes the drop box to be immediately visible to learners and does not set finish date. This setting does not impact the visibility Dashboard notice; it only impacts the availability of the link to upload the assignment in the learner's My Assignments listing.
 - e. Click **Save**.
